HEARING NOTICE

FOR
APPROVAL OF CITY OF LOMPOC STORM WATER MANAGEMENT PROGRAM
FOR COMPLIANCE WITH
STORM WATER DISCHARGES FROM SMALL MUNICIPAL SEPARATE STORM SEWER
SYSTEMS (PHASE II GENERAL PERMIT)
STATE WATER QUALITY ORDER NO. 2003-0005-DWQ
NPDES No. CAS000004

September 17, 2008

The Central Coast Regional Water Quality Control Board (Central Coast Water Board or Water Board) will hold a public hearing to consider a resolution approving the Storm Water Management Program (SWMP) submitted by the City of Lompoc (Discharger), for coverage under the General Permit for Storm Water Discharges from Small Municipal Separate Storm Sewer Systems. The hearing will be on October 17, 2008, at the Santa Barbara County Supervisors Board Room, 105 East Anapamu Street, 4th Floor, Santa Barbara, California.

This Notice provides a deadline for submitting comments and establishes hearing procedures.

Persons wishing to comment upon or object to the proposed **Resolution** are invited to submit comments in writing to the Water Board. The Water Board previously noticed a 60-day comment period on the SWMP (closed August 22, 2008). **At this time, you may submit comments pertaining to the proposed Resolution only.** Previously submitted timely comments are considered part of the record. All written comments, evidence and legal argument regarding the Resolution must be submitted to the Water Board no later than **October 3, 2008**. See Contact Information below for information on where to send comments. The Resolution is available at:

http://www.swrcb.ca.gov/centralcoast/water_issues/programs/stormwater/muni_phase2/ms4_enrollment/ms4enrollcycle/santamaria_lompoc/lompoc/index.shtml

Absent a showing of good cause satisfactory to the Chair of the Central Coast Water Board, written testimony, evidence, arguments and exhibits that did not comply with the posted deadlines will be excluded from the Administrative Record. A showing of good cause must include an explanation of why the materials could not be submitted earlier. The showing should also demonstrate (i) how excluding the submission from the record would prejudice the person submitting them, and (ii) that no person (including the Water Board) will be prejudiced by the late submittal.

All interested persons may speak at the hearing, and should orally summarize their written submissions and/or rebut submissions of other interested persons. **All persons providing the same information or arguments are encouraged to make joint presentations and**

not be repetitive. Repetition of comments submitted in writing is not necessary. You may speak at the hearing even if you did not submit written comments.

Oral comments at the hearing are generally limited to three minutes. Interested persons may request more than three minutes to make a presentation. Requests for additional time **must** be submitted to the Water Board at the address listed below no later than **October 3, 2008**. Please specify the amount of time you are requesting. Speakers are not required to submit their testimony (presentation) in writing before the hearing.

Water Board members and Water Board counsel may interrupt a presentation with questions or comments at any time. The time for these questions and speakers' answers will not count toward the time limit for a presentation.

All Water Board files, exhibits, and agenda material pertaining to this matter are hereby part of the record.

The procedures governing Regional Water Quality Control Board meetings are at Title 23, California Code of Regulations, Section 647 et seq. A copy is available upon request or on the State Water Board website at http://www.waterboards.ca.gov/laws_regulations/
